Living Room

When looking for a living room rug, consider your furniture and take note of the various layout options. If it's an open floor plan, the rug should help define the space and improve the acoustics.

200×290 cm Rugs

Ideal for small living rooms, a 200×290 cm rug fits effortlessly beneath a coffee table, extending gracefully to partially accommodate sofas and chairs. Positioned in front of a fireplace, it creates a warm, cohesive ambiance.

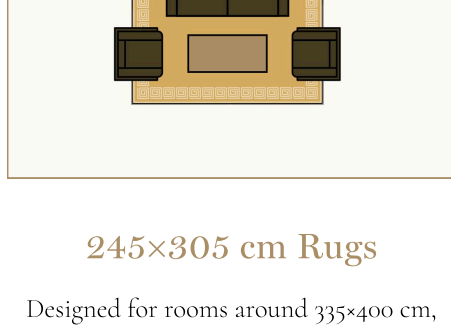

275×365 cm Rugs

Perfect for larger living spaces (365×550 cm or more), a 275×365 cm rug anchors the room beautifully. Its generous dimensions allow most furniture pieces to rest on it, seamlessly unifying your décor.

185×275 cm Rugs

An excellent fit for smaller living rooms (335×395 cm or less), a 185×275 cm rug provides ample coverage while leaving a 70 cm border of visible flooring on each side for a refined, airy feel.

245×305 cm Rugs

Designed for rooms around 335×400 cm, a 245×305 cm rug balances comfort and proportion. For a defined layout, maintain a 30–45 cm border of exposed flooring to frame the space elegantly.

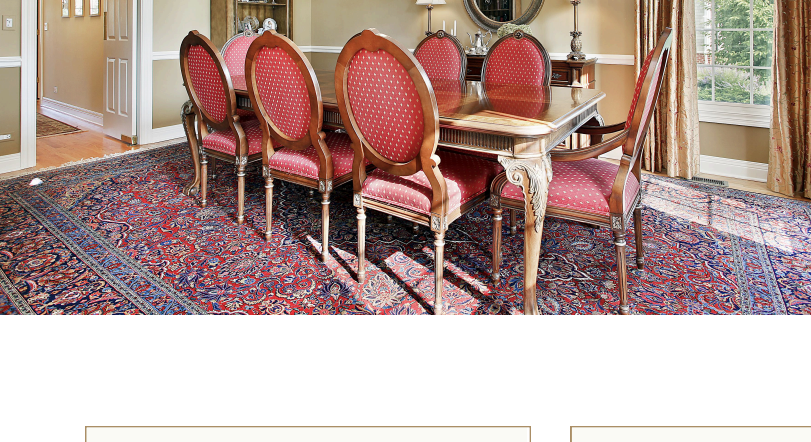

90×150 cm Rugs

A 90×150 cm rug is the perfect accent piece, adding texture and comfort to entryways or small seating areas. Ideal for layering or defining a cozy landing spot in your living space.

150×215 cm Rugs

For compact spaces, a 150×215 cm rug sits beautifully beneath a coffee table or in front of a fireplace. It offers a cozy foundation for two armchairs, creating an intimate seating arrangement.

Dining Room

Choose a rug that extends beyond your dining table, ensuring chairs remain fully on the rug—even when pulled out. This creates a balanced look and enhances comfort.

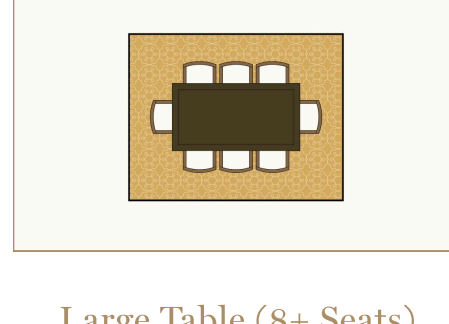

Small Table (4 Seats)

A 245 cm round rug elegantly frames a four-seat table, while a 185×275 cm rug allows for a centered, floating arrangement.

Medium Table (6 Seats)

A 245×305 cm or 185×275 cm rug offers a balanced fit, allowing chairs to glide smoothly while maintaining a cohesive look.

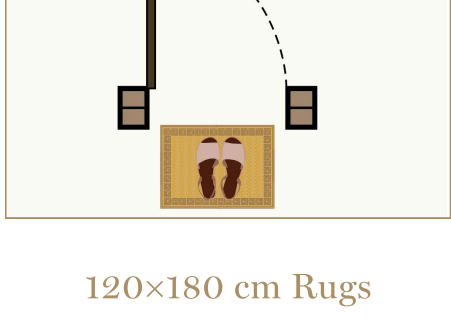

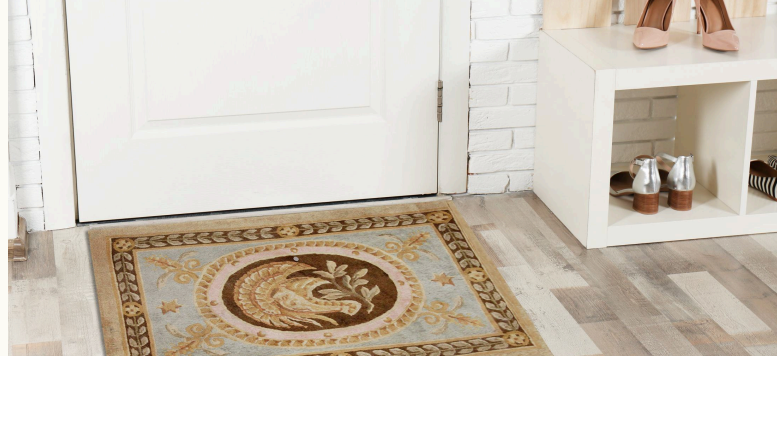

Large Table (8+ Seats)

A 275×365 cm rug provides ample space, ensuring all chairs remain comfortably on the rug even when pulled out.

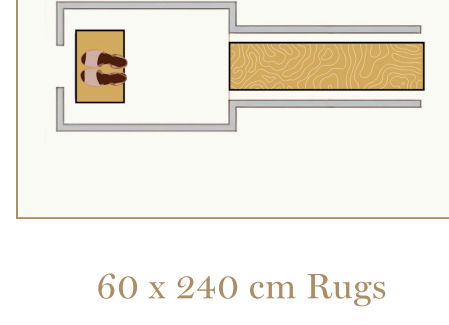

Hallway

Our 75×215 cm and 75×315 cm antique runner rugs bring effortless elegance to narrow hallways. Pair with a classic low-profile rug pad for a sleek finish or a cushioned pad for a plush, inviting feel.

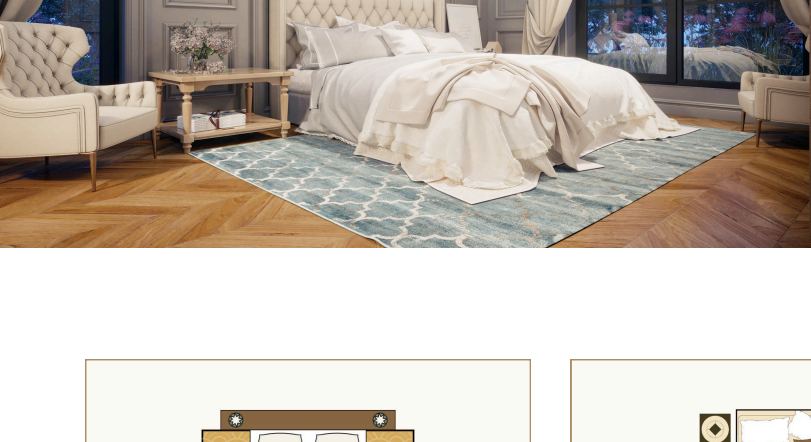

120×180 cm Rugs

A 4×6 ft (120×180 cm) rug is perfect for most entryways, creating a warm and inviting first impression. It provides ample coverage for wiping shoes while adding texture and style to the space.

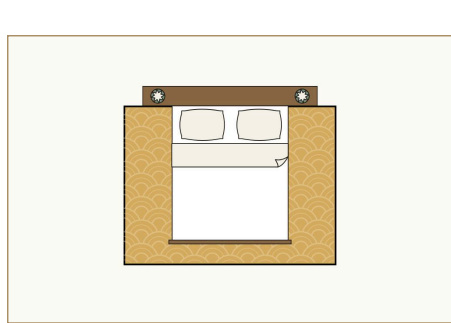

60 x 240 cm Rugs

A 2×8 ft (60×240 cm) runner is ideal for longer or narrow entryways, guiding guests seamlessly into your home. Its elongated design enhances the flow of the space while offering comfort.

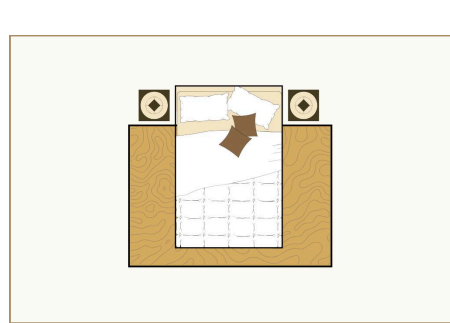

Bedroom

When selecting the perfect rug size, consider the dimensions of your bed. A large area rug beneath the bed creates a striking focal point, while a smaller rug beside it adds a stylish accent and provides a soft landing for your feet.

King Bed

For a king-sized bed, a 275×365cm rug provides full coverage beneath the bed and nightstands, leaving approximately 60cm of plush rug around the edges for a luxurious feel underfoot.

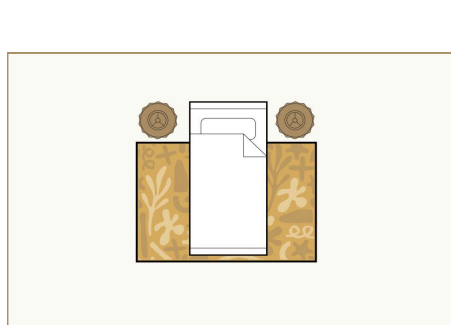

Queen Bed

A 245×305cm rug accommodates a queen bed and nightstands, offering 90cm of soft rug on either side. Alternatively, a 185×275cm rug provides a refined look with a 45cm border on each side.

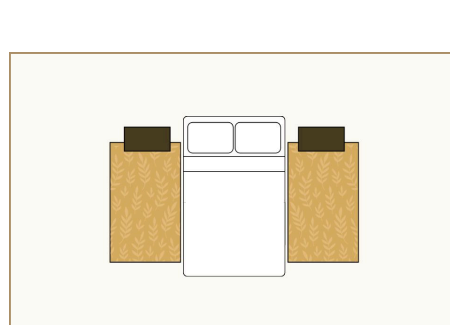

Double Twins

For a shared space, a 90×150cm rug placed between the two beds creates cohesion. Alternatively, a 75×215cm or 75×305cm runner rug elegantly spans the center of the setup.

Twin Bed

For a twin bed, options include a 275×365cm rug, 185×275cm, or 150×215cm rug, all of which leave a generous border. For a balanced look, two 90×150cm rugs work well beside the bed.

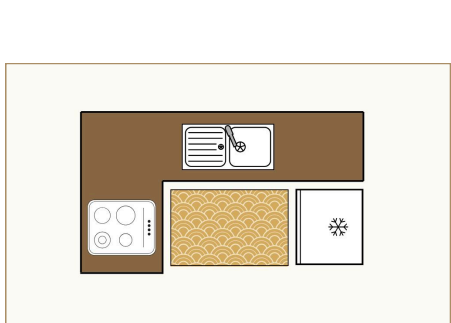

Double Bed

A 185×275cm rug fits beautifully under a full-sized bed, while two 90×150cm rugs on either side add comfort and symmetry.

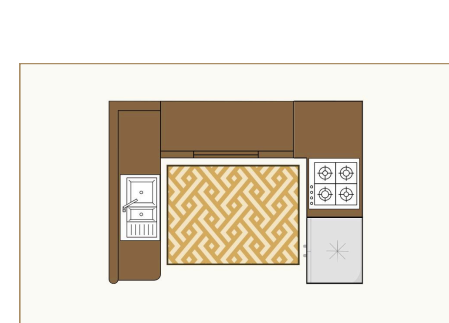

Kitchen

When selecting a kitchen rug, consider your space's layout and dimensions. Placing a rug in front of the sink enhances both comfort and functionality. For added support underfoot, opt for a cushioned rug pad.

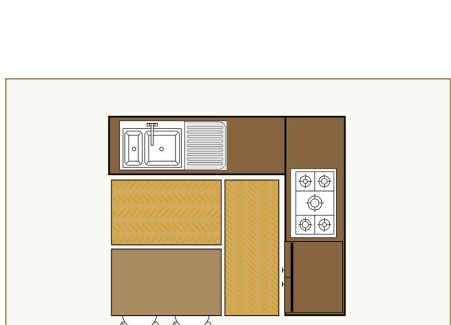

Compact Kitchen (6.5 sq. m. or less)

Maintain a sleek, uncluttered look with a 60×90cm or 90×150cm rug. Placed in front of the sink, it brings warmth and refinement to smaller spaces.

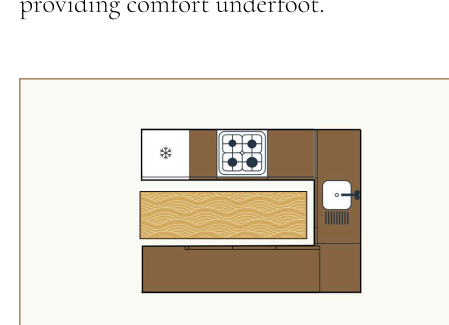

Medium Kitchen (9.25-18.5 sq. m.)

Balance elegance and function with a 90×150cm or 120×185cm rug. Alternatively, a runner rug positioned in front of the sink adds a sophisticated touch while providing comfort underfoot.

Large Kitchen (18.5 sq. m. or more)

A large sized kitchen calls for an equally large rug. A 245×305cm or 275×365cm rug creates an inviting focal point, while a 90×150cm, 150×215cm, or a runner rug placed along either side of a kitchen island enhances both aesthetics and practicality.

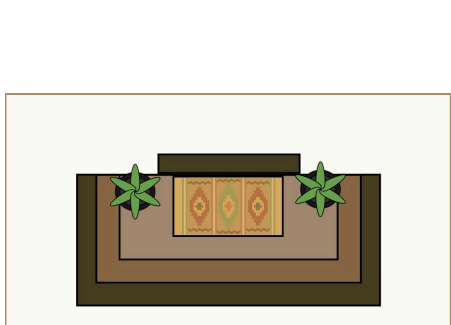

Galley-Style Kitchen (305 cm long or more)

A 75×215cm or 75×305cm runner rug effortlessly elongates the space, particularly when placed along the sink side. For narrower layouts, centering the runner ensures a harmonious flow while enhancing the kitchen's sophistication.

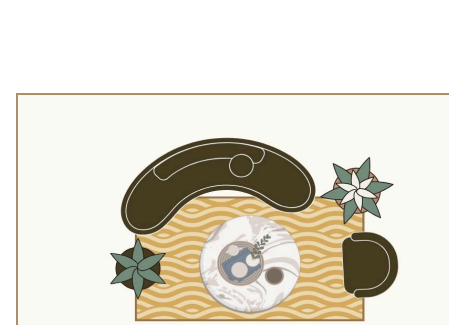

Outdoor

Extend effortless elegance to your outdoor spaces with a machine-washable rug. Let the layout of your furniture and the dimensions of your patio, deck, or porch guide your selection. For a refined, balanced look, ensure 30-60cm of visible floor space frames your rug.

Entryways & Small Spaces

For more compact areas, a 90×150cm rug sits beautifully beneath a small patio table with two chairs, while a 60×90cm doormat at the entryway offers a refined, streamlined touch.

Medium to Large Spaces

For expansive patios and decks, selecting outdoor seating and dining sets, feature a generous area rug in 150×215cm, 185×275cm, 245×305cm, or 275×365cm. The right size will elegantly frame your furniture, creating a cohesive and inviting space.
